Lord In Glad And Full Surrender

```
E                        G#m
Lord in glad and full surrender,
              A                   E   B7
I open up my heart, I open up my life,
   E                       G#m
In you I find my lasting treasure,
                A        B7                E
For you are my Lord the pearl of greatest worth,
          A    B7         G#m   C#m
I worship You, I worship You,
        A            B7                  E
I will celebrate and sing of my love for you,
          A    B7        G#m   C#m
I worship You, I worship You,
                F#m               A
Because of your love each word I sing,
   B7      E
I worship You.
