GOT TO BE WITH YOU
Ralph McTell

Sell my house, I'm gonna sell my car
Just gotta be where you are
Gotta be with you
I gotta stay with you
I gotta be with you
I gotta stay with you.

And I won't listen to what my friends say
I made up my mind I'm gonna do it my way
Gotta be with you
I gotta stay with you
I gotta be with you
I gotta stay with you.

Burnt my bridges so I can't turn back
If I got you there aint nothing I lack
Gotta be with you
I gotta stay with you
I gotta be with you
I gotta stay with you.

Maybe they were right you were only joking
But a heart that's never been in love
Is poorer than a heart that has been broken.

So I will listen to my heart
Tell me that you're true
Maybe it is lying but I gotta be with you.
Gotta be with you
I gotta stay with you
I gotta be with you
I gotta stay with you.

Sell my house, I'm gonna sell my car
Just gotta be where you are
Gotta be with you
I gotta stay with you
I gotta be with you
I gotta stay with you.

Burnt my bridges so I can't turn back
But if I got you there aint nothing I lack
Gotta be with you
I gotta stay with you
I gotta be with you
I gotta stay with you.

I gotta be with you
I gotta stay with you
I gotta be with you.
