

IN MY TIME OF NEED-crd
JOAN BAEZ

Will you comfort me in my time of need?
 Can you take away the pain of a hurtful deed?
 'Cause when we need it most, there's no rain at all
 And dust just settles right there on the fields

Will you say to me a little rain's gonna come?
 When the sky can't offer none to me
 I will come for you when my days are through
 And I'll let your smile just off and carry me

'Cause when the calm comes down
 I'll take the truck on into town
 And buy whatever we can't seem to grow
 I work these hands till they bleed
 'Cause I got mouths to feed
 I got fifteen dollars hid above the stove

Will you say to me a little rain's gonna come?
 When the sky can't offer none to me
 I will come for you when my days are through
 And I'll let your smile just off and carry me

'Cause it ain't like it was, oh back in those days
 When everyone would offer up a hand
 These old bones are worn, I've grown tiresome
 And I know my time is surely gonna come

Will you say to me a little rain's gonna come?
 When the sky can't offer none to me
 I will come for you when my days are through
 And I'll let your smile just off and carry me

Lord, we married young and stayed where we came from
 And gave those children everything we had
 Will you stay with me in my time of need?
