Doesnt Have To Be This Way

Capo 4th position

Intro:  D  G

Sometimes I wonder where you're coming from
when you roll in like thunder just to turn around and run
its a good thing I dont need you to stay

You smell like moonlight and early morning rain
Pray tell a fool but surrender to your pain
Or find a cure for your decay

Chorus:
Youre at your best with an ache in your chest
and that worn out old song that you play
Only Jesus and you who long to teach us
should know and be left to betray.

I dont know the answer but I know who to blame
You can choose the dancer if you could choose the flame
I think youll find theyre one in the same
It doesnt have to be this way

Instrumental break: (guitar)  G D Em C G D
(violin)  G D Em C G D

Chorus:
Youre at your best with an ache in your chest
