

# The Last Best Place

INTRO: D A G D A A G D

**D** **A** **G**  
I am a pilgrim passing through and I've wandered through  
**D**  
the world and all it's beauty I don't know  
**A** **G** **A**  
what I'll find when I cross that river to the other side  
**Bm** **A** **Gmaj7**  
but the good book said believer when you get there  
**D** **A**  
in heavens light old memories will fade  
**D** **A** **G A D**  
and I will see by his grace the last best place

**D** **A** **G**  
It won't be easy to say goodbye to everyone I've loved  
**D** **A**  
here in this life but when he calls me I will go  
**G** **A**  
and leave my brothers and dear sisters here below  
**Bm** **A** **Gmaj7**  
all at once I'll be rejoicing with the angels  
**D** **A** **D**  
resting in the promise that someday we'll meet again  
**A** **G 5-1 Bm AG**  
face to face in the last best place

## INSTRUMENTAL

(rythm guitar plays through entire 1st verse)

**D** **A** **G**  
Some folks dream of growin' old contented with their  
**D** **A**  
treasures in some mansion there are those weary souls  
**G** **A**  
who search in vain to satisfy their passion  
**Bm** **A** **Gmaj7**  
some can't wait to ride that train to glory  
**D** **A**  
and see Saint Peter at the pearly gates  
**D** **A** **G 5-1 Bm AG**  
but for me God's embrace is the last best place  
**D** **A** **G A D AAGD**  
I will sing by his grace in the last best place
