

Theyre Playing My Song

sung by Waylon Jennings

3/4 time

E A E

Down the street a baby just cried

B7

when he woke up all alone.

EAE

A tr ain's leaving town and that lonesome old sound,

B7E

is chilling me right to the bone.

A

A song is playing, I can barely hear,

B7

about a love that's gone wrong.

E AE

The freezing rain on my window pane.

B7E

Listen, they're playing my song.

D G D

Taps being played by a soldier's grave.

A7D

So sad it torments your soul.

GD

Just listen to that north wind moan.

A7 D

Tonight is so dark and cold.

D G D

Somewhere a siren cuts through the night.

A7 D

Sounds like the whole world's gone wrong.

D G D

Thunder just warned that its coming the storm.

A7D

Listen they're playing my song.
