

# Time To Bum Again

Time To Bum Again

-Waylon Jennings

**G** **C**  
Woman you get meaner every day  
**D** **G**  
and youre naggin is hard to stand  
**C**  
So I'll pack my things and I'll be on my way  
**D** **G**  
cause its time to bum again

**G** **C**  
This house gets smaller with every day  
**D** **G**  
And the walls are closin in  
**C**  
Ive guess I've said all there is to say  
**D** **G**  
and its time to bum again.

CHORUS:

**G** **C**  
The time has come to bum again  
**D**  
Im gonna see all the places  
**G**  
I aint been  
**C**  
Woman youve stirred up the wild wild wind  
**D** **G**  
and its time to bum again

**A** **D**  
I'll visit my buddy out in Bakerfield,  
**E** **A**  
We soldiered together years back  
**D**  
Well talk night and day till theres no more to say  
**E** **A**  
then I'll head on down the track  
**D**  
I may come back in a year or two  
**E** **A**

And you may not desire me then

**D**

There are some things that a man must do

**E**                    **A**

And its time to bum again.

**A**

**D**

The time has come to bum again

**E**                    **A**

Im gonna see all the places I aint been

**D**

woman you've stirred up the wild, wild, wind

**E**                    **A**

and its time to bum again

**D**

woman you've stirred up the wild, wild, wind

**E**                    **A**

and its time to bum again.
