

# Tonight Ill Be Lonely Too

Alison Krauss

\*\*Capo 1st

**A C#m F#m**

It's like I've always figured

**D E A**

You'd be gone from me so soon

**D E A**

A heartache would be the outcome

**D E A**

And I'd be singin' this lonely tune

**A E A**

Your friends all tell me your happy now

**D E A**

And how good she's treatin' you

**D E A**

It looks to be the perfect love

**D E A**

Well tonight I'll be lonely too

CHORUS:

**D G E**

You're only trying to show me

**A D E**

It's no use, the pain's in your eyes

**D G E**

I know you've been so unhappy

**A D E**

Talk of new love, the words are all lies

**D E A**

So you'll go on pretending like always

**D E A**

Well tonight I'll be lonely too

REPEAT CHORUS
