**Beautiful blue eyed blonde**

I know a girl in Carolina, she's the sweetest girl in town  
Big blue eyes that sparkle like dew drops on the ground  
To meet her is to love her, she makes your heart grow fond  
Heaven's not far above her, she's a beautiful blue eyed blonde

I met her in November, one cold and dreary day  
She brought the sunshine with her, that's in my heart today  
No need to say I love her, for she's like the day just dawned  
She brightens the world with her laughter, she's a beautiful blue eyed blonde

If I had all the gold in the treasury, and all of the riches on earth  
I would not trade my sweetheart, for I know just what she's worth  
Her voice is like sweetmusic, she makes my heart grow fond  
You'd love her if you'd see her, she's a beautiful blue eyed blonde

Every night I dream I'm near her, then I wake to find she's away  
But I hope someday we'll marry, and be together always  
If all my dreams were realones, and after the day had dawned  
I'd awake and find her near me, my beautiful blue eyed blonde
