

Dog house blues

I went downtown throught I had a dime
Got home this morning didn't have a dime
Lordy, Lordy, Lordy got the dog house blues
No use talking I got the dog house blues

Come home this morning about half past eight
She said honey you're out too late
Lordy, Lordy, Lordy got the dog house blues
No use tlking I got the dog house blues

I went in the house to start the fire
She kicked me out in the middle of the night
Lordy, Lordy, Lordy got the dog house blues
No use tlking I got the dog house blues

I feel in the yard mad as I can be
Said to my dog make room for me
Lordy, Lordy, Lordy got the dog house blues
No use tlking I got the dog house blues
