Hard on my heart

It's a shame I fell in love with a knocked out beauty queen
She's hard to hold for a simple man like me
When it comes her cocktail hour it's my Miller time
I can't come up to her lifestyle and she can't come down to mine

She's hard on my heart but easy on my eyes
She cast a spell I'm in heaven's hell lord, I'm hypnotized
I'm just like a sparrow flying where the eagles fly
She's hard on my heart but easy on my eyes

Her long blonde hair keeps flowing like a river wide
Sometime it's hard to stay afloat and ride
But when I put my arms around her, she makes it all worth while
She tames my restless spirit at the same time, she drives me wild
