How would you like being lonesome

I don't want you crying when I'm leaving
Don't want you cuying when I'm blue
Only my thoughts make me lonesome
Wonder if you're lonesome too
Wonder if you're lonesome too

How would you like being lonesome
Someone thats through with you
My heart is sad and lonesome
Wonder if you lonesome too
wonder if you lonesome too

Why should two lovers quarrel
Why should they be so untrue
I know what it mean to be lonesome
Wonder if you're lonesome too
Wonder if you're lonesome too

* Refrain

Now give me your arm here honey
I'll say this farewell to you
I'll be so lonesome without you
But you'll be lonesome too
But you'll be lonesome too

* Refrain
