

Bluegrass Songs - Lyrics

I just can't go on this old way

When you left me you said you'd return dear
You said you would be back some day
Oh please let me hear from you darling
I just can't go on this old way

I know you never did love me
But I thought that you would dear someday
Oh please let me hear from you darling
I just can't go on this old way

Remember the good times together
When you said that you loved me so true
As I sit here the stars hover o'er me
there's a love in my heart dear for you

* Refrain
