

Bluegrass Songs - Lyrics

If it takes me a lifetime

It's true that live you, it's true you're not free
I'm trusting in tomorrow that someday you may be
So I'll go on hoping and trusting in fate
If it takes me a lifetime then I'll just wait

I'll cherish the say you and I met
Sweet memories of you, I'll never forget
You lifted me up when I was down
And gave me a smile in place of a frown
I'll always be waiting, it's never too late
If it takes me a lifetime then I'll just wait

This waiting is awful, but still you are tied
I'm trying my best my feeling to hide
Though people are talking but still must state
If it takes me a lifetime then I'll just wait

* Refrain
