New freedom bell

Oh ring, or ring new freedom bell
So we will know that all is well
Its name is there for all to see
In the land of the happy and free

Now have you found that freedom soul
The Liberty Bell it may sow
So it may ring throughout the land
And we will know that freedom will stand

* Refrain

It hangs so high in the city of Berlin
Not so long ago was a city of sin
But freedom won and all is well
There now hangs the new freedom bell

* Refrain
