

**Bluegrass Songs - Lyrics**  
**www.traditionalmusic.co.uk**

**Save it ! Save it !**

Got anything good you better save it, save it  
Got anything good you better save it, save it  
Got anything good you better save it, save it  
Baby I might need it some day

They say your cooking is the best in town  
Everybody's been talking around  
If it's so I'm a'coming to town  
I'll let you turn my damper down

\* Refrain

You roll your stockings to your knees  
Strut around dear as you please  
Cuddie up like a turtle dove  
If you don't stop you'll flub your dub

\* Refrain

There'll come a day when you're old and gray  
When all your friends have strayed away  
Then I'll look at you and say  
You had it but it got away

\* Refrain

Now stop your honky tonking around  
Stop your painting up the town  
Change your way from what you did  
If you don't stop I'll blow my lid

\* Refrain
