Standing on the mountain

Darling, will you marry me I asked a maiden fair
I turned my back upon her when I looked she wasn't there

She left me standing (standing) on the mountain
She left me standing way up there

Where the honeybee are buzzing round the flowers there
That is where she vanished, somewhere in that mountain air

* Refrain

I just heard the whippoorwill a-taking to the bear
They were both a-laughing about her giving me the air

* Refrain

I would give most anything if once more she'd appear
And tell me that she cared a little for this mountaineer

* Refrain
