**Take my ring from your finger**

I'm happy now at last you are smiling  
And I'm glad I have found you in his arms  
For no longer I'll keep you unhappy  
And I'll vow to never do you any harm

Take my ring from your finger  
Set me free as a dove  
You don't need me no longer  
You have found the one you love

So my heart will likely break when I leave you  
When my position at last I can see  
When I found you in his arms you were crying  
And that's more than you ever did for me

\* Refrain

You can have our little home in the mountains  
With the honeysuckles twining round the door  
When he carries you over the threshold  
I hope that you'll be happy evermore

\* Refrain
