

Bluegrass Songs - Lyrics
www.traditionalmusic.co.uk

That how I can count on you

Like April can count on the showers
The grass can count on the dew
And March can count on the wind wind windy days
That's how I can count on you

If the road looks long and endless
With nothing but heartbreak in view
I'll smile all the while for I'll ,I'll, I'll
Know that I can always count on you

If fame and fortune pass me by
Though a begger, I stand alone
For a king and his Kingdom could never find
A love as true as the love we've once known

Like a baby can count on his mother
At night when the day is all through
Lovers can count on the moon, moon, silvery moon
That's how I can count on you

* Refrain
