**The letter I never mailed**

I wrote you a letter sweetheart  
I wrote you a letter in sorrow  
It never go mailed that heart of mine faile  
And it wrecked my hope tomorrow

In past days I've grown dear to love you  
With the love we both need so bad  
The good lord above made me fall in love  
But I wish that he never had

\* Refrain

I should have mailed you that letter  
I still wish so bad that you knew  
Maybe some day when tears got in the way  
Then I'll break down and tell you

\* Refrain
