Too much Mountain dew

Too much Mountain dew
Too much Mountain dew
Dewey left a-drinking
Too much Mountain dew

Now Dewey left this morning
Feeling oh so fine
With a jug in one hand
Drinking on his mind

* Refrain

Now the hottest sun was shining
While Dewey laid in the shade
Drinking from a bottle
Home brew that he made

* Refrain

Now drinking was a weakness
That he couldn't hide
Had one drink too many
Poor old Dewey died

* Refrain
