

Bluegrass Songs - Lyrics

Where will I shelter my sheep tonight

Where will I shelter my sheep tonight
Where is that peaceful land
Where will I shelter my sheep tonight
Where the beasts won't steal my lambs

We've travelled far, shepherded all in night
Worried, sin sick in soul
Where will I shelter my sheep tonight
I'll shelter my sheep at Good's door

My soul is weak and thirsty too
As I crossed the burning sand
Where will I shelter my sheep tonight
Where is that peaceful land

* Refrain
