Who will call you sweetheart

Now who will kiss your lips darling
Who will call you sweetheart
Who will tell you they love you
For you once was my little sweetheart

Now who's been talking to you
Somebody's been telling you wrong
Things about me that you shouldn't believe
I'll miss you sweetheart when you're gone

* Refrain

This talk is going round town
Some of its I know its not true
Bout the thing's that I've done and the places I've been
For darling I've always loved you

* Refrain
