

Anyway

Hey girl how's by you
Sing your rock and roll
Sing your blues
I'm all right I pay my dues
I got 'em comin' to me
You got 'em comin' to you

I'm gonna try again
Don't matter if I win or lose
Gonna try again anyway

But I know you
You gonna be so cool
Ain't gonna try no sweetp???in'
I ain't no fool
Cause I know you love me girl
Just like I love you
Got my feet on the ground
And I know what I got to do

Do you know where you're goin'
Honey where have you been
Do you see the games they're playin'
Do you really believe do can win
