

DISTANCES  
(David Crosby)

You know what I miss  
Small things, like  
textures and flavors  
How close up everything  
used to feel  
Till this distance came  
in our lives...distance  
came in our lives

It always happens  
when you're trying to  
get next to someone  
When you want to reach  
their heart  
You cannot get close  
enough...to start  
Talking  
Talking straight to  
one another

Do you remember  
The things you used  
to write on the dashboard  
in the dust?  
And the way we never, never  
we never thought  
this car would rust

Till this distance  
came in our lives  
Distance came in our lives

It always happens  
when you're trying  
to get next to someone  
When you want to reach  
her heart  
You cannot get close, close  
close enough to start

Talking...talking straight  
to one another  
Talking and talking and talking  
Across these distances  
in our lives  
distances in our lives  
distances in our lives
