

Eli's Comin'

Eli's comin'. Eli's comin' (Eli's a-comin'). Girl, you better hide your heart, your loving heart
Eli's a-comin' and the cards say broken heart, oh broken heart

Eli's comin', hide your heart, girl, Eli's comin', hide your heart, girl
Girl, Eli's a-comin', you better hide, girl, Eli's a-comin', you better hide
Girl, Eli's a-comin', you better hide, girl, Eli's comin', hide your heart, girl.

You better, better hide your heart, Eli's comin', better walk
Walk but you'll never get away, no, you'll never get away from the Burn and the heartache

I walked to Apollo and the bay, and everywhere I go,
Eli's a-comin' (she walked but she never got away)
Eli's a-comin' (she walked but she never got away)
Eli's a-comin' and he's comin' to get ya (she walked but, she walked but)
Get down on your knees (she walked but she never got away), Eli's comin'

(Hide it, hide it, hide it) Girl, Eli's a-comin', you better hide, girl,
Eli's a-comin', you better hide. Girl, Eli's a-comin', you better hide,
girl, Eli's comin', hide your heart, girl (hide it)
You better, better hide your heart Eli's comin', better walk
Walk but you'll never get away, no, you'll never get away from the burn and the heartache
