

Feelin' Higher
(Gene Clark/Terri Jean Messina)

1. You are beside me you always find me in a scalding sea Gmj7 G6 Gmj7
You are the wind that will not fill the sails of jealousy
You are beside me I can not hide you for I can not leave
And you won't retract the song that this soul has just sung to me

- And I'm feeling higher than I ever thought I could be C D C G
For you have shown me that you are only here eternally (2x) D C G

2. They are beside us they do not want for us to hide away
And yet they hide from the radiant side of the dawning day
They are beside us they are not taking us from even tide
We will ascend when we can bend with space and time

And I'm feeling higher.
