

Fireworks

(Camilla & Roger McGuinn)

Fireworks in my heart your love is blowing me apart
Dynamite in my head I'm seein colors green and blue and red
A stolen glance from rebellious eyes
Just a touch of your hand freezes time right where it stands
Suspended in eternity deep in love is where we'll always be
I want your love I need your love I want your love
I want your love I need youe love I want your love

I want your love I need your love I want your love
I want your love I need youe love I want your love

Searchlights in the night your love is blinding but it feels so right
Sparks fly in my mind releasing flames of desire confined
A Stolen glance from rebellious eyes
Just a look and I'm on fire exploding flair shooting ever higher
Swept up in a sweet delight deep in love is where we'll be tonight
I want your love I need your love I want your love
I want your love I need youe love I want your love
