

Jesus Broke The Wild Horse
S. Glick and D. Krause

Jesus broke the wild horse in my heart
And he rounded up all the sinfulness and the dark
He drove all the wolves from my door
And he gave me a love like I never had before

Showed me a way to the green grass of love
On the hills of his wide open range
And he said it was mine if I'd just follow him
So I'm here now to stay to live day by day
And follow his wonderful way

Jesus broke the wild horse in my heart
And we sat down he broke some bread and gave me wine
And he kindled a fire in my soul
And he dug me a well where the living waters flow

Showed me a way to the green grass of love
The hills of his wide open range
And he said it was mine if I'd just follow him
So I'm here now to stay to live day by day
And follow his wonderful way
