

Lay Down You Weary Tune
(Bob Dylan)

Lay down your weary tune lay down lay down the song you strum
D A D A F#m E
A E

A
And rest yourself neath the strength of strings no voice can hope to hum

1. Struck by the sounds before the sun
A D A

I knew the night had gone
F#m E

The morning breeze like a bugle blew
D A D

Against the drums of dawn
A E A

2. The ocean wild like an organ played
The seaweed's wove it's strands
The crashin' waves like cymbals clashed
Against the rocks and sands

3. The last of leaves fell from the trees
And clung to a new love's breast
The branches bare like a new banjo
To the winds that listen the best
