

## One More Sign

No I'm not gonna  
Hide my feelings  
Couldn't if I tried  
No I'm not holding them inside

Holding back is  
So close to stealing  
Though we both have pride  
We could lose it all if we lied

Someday it's later than  
The feeling we have now  
It's off the ground  
I've always played around  
But now I don't know how

Listen easy  
'Cause I'm saying  
What I mean this time  
Sharing words I always said were mine

I was breezy  
Now I'm swaying  
Like the tree we climbed  
Asking you to give me one more sign
