

Safe At Home
(Hillman)

Poor old Tom living on the hill says he wants to quit
But I know he never will
The bottle's his ticket to an early grave
Nothing you can do nothing you can say except he's
Safe At Home Safe At Home
Baby stop crying got to leave him alone
You'll Be Safe At Home Safe At Home

Mama won't you call me on the telephone
What ever happened to the friends that I had
Got themselves in trouble when things were looking bad
Meet me down by the river light of the moon
Everything you need's in my silver spoon you'll be
Safe At Home Safe At Home
Baby stop crying got to leave him alone
You'll Be Safe At Home Safe At Home

Mama won't you call me on the telephone
Well I know what you mean and it's driving me crazy
She hasn't come home everything looking hazy
Come in a hurry fall far behind
You can't love a woman gonna tease your mind and you'll be
Safe At Home Safe At Home
Baby stop crying got to leave him alone
You'll Be Safe At Home Safe At Home
Mama won't you call me on the telephone
