

Same Old Sound  
(Roger McGuinn)

I've been all around the world  
Playing songs for all the boys and girls  
Well I've traveled up and down  
Got to barnstorm every town

And everywhere I'm bound  
I got to play that same old sound  
Got to play that same old sound  
goin' round and round

Lots of faces passin' by me  
Lots of love to satisfy me  
At times I didn't know my name  
but I always knew the rules of the game

And everywhere I'm bound  
I got to play that same old sound  
Got to play that same old sound  
goin' round and round

Look who'r up here on the stage  
Noone's noticin' my age  
I'll give you something good to hear  
I only learned to play by ear

And everywhere I'm bound  
I got to play that same old sound  
Got to play that same old sound  
goin' round and round

I did it for your sister last year  
Going to slip it right into your ear

And everywhere I'm bound  
I got to play that same old sound  
Got to play that same old sound  
goin' round and round
