

Saturday Night
(Sparks)

Saturday night, Saturday night
We all get together on Saturday night
Put on your shoes, go downtown
Do nothing but walk around
On a Sunday or a Monday you can't do it right
Ain't ya glad we got Saturday night

Early in the evening all week long
Sit on the stoop and sing your little song
Cry on your pillow when things go wrong
And wait for a Saturday night

Saturday night, Saturday night
We all get together on Saturday night
Look at the girls and what do we do
Turn around and see if they're lookin' to
On a Sunday or a Monday you can't do it right
Ain't ya glad we got Saturday night

Old timers down at Leadbetter's store
Tell ya young folks ain't like they were before
They're going to the dogs
You can see it more and more
Especially on a Saturday night

Saturday evening when the works all done
Come on along and we'll have a little fun
We're sort of quiet and got a home spun
That we're wild on a Saturday Night

Easy Now
Saturday night, Saturday night
We all get together on Saturday night
Whooooooooooo..
Ain't ya glad we got Saturday night

Everybody now
Saturday night, Saturday night
We all get together on Saturday night
We do things you've never seen
Ain't coming home 'til twelve-eighteen
On a Sunday or a Monday you can't do it right
Ain't ya glad we got Saturday night
Ain't ya glad we got Saturday night
Green, green on a Saturday night
Ain't ya glad we got Saturday night
Ain't ya glad we got Saturday night
