

Skate Date
(R.McGuinn/C.Hillman/C.McGuinn)

Last night I had a date with myMarylou
No gas for my car, I didn't know whatto do
She called me said I love you pleasedon't be late
So I went and picked her up on my rollerskates

Skate date rolling down the street
Skate date feeling so elite
Skate date, I got wings on my feet

Now the streets are empty 'causeno one can drive
Me and my baby feeling so alive
Going thirty miles an hour with myroller queen
and I hope they never find any gasoline

The air's so clear, we're bothfeeling great
We're really working out on our rollerskates
There's nothing like it for doing the town
Me and my baby when there's no onearound

Skating down the highway just to seehow it feels
Me and Marylou we got sixteen wheels
We don't have to worry bout the highwaypatrol
'cause they don't have the gasoline toroll
