

Slowpoke  
(Neil Young)

Something opened up the gates again  
I can't control it, so I'm rushing in  
Here comes a mermaid and a little girl  
Some open drawers from around the world

I got some medals hanging on my chest  
I've seen some good ones but I missed the best  
Lady Luck, don't you turn on me  
I'm just a student of your history  
I'm just a student of your history

Slowpoke, I'm going to run with you  
Wear all your clothes and do what you do  
Slowpoke, we've got some things to find  
When I was faster I was always behind  
When I was faster I was always behind

Something's pulling back the curtain again  
The stage is darker and the crowd is in  
The song is gentle and the song is long  
Something's missing, but something is found  
Something's missing, but something is found

Slowpoke....
