

Sonic Bummer  
(Parsons)

I called the big man at the field  
And I told him what he'd done  
He laughed and said 'go back to bed  
My boys just having fun  
My boys just having fun'

I said 'first you killed my chickens  
Then you wiped out all my sheep'  
He said 'Don't you know we're protecting you  
Now go on back to sleep'  
He said 'Go on back to sleep'

Sonic booms they killed my chicken  
A sonic boom well, it treed my cow  
Sonic booms bust my dishes  
Them jets are bound to get me now  
Them jets are bound to get me now

So if you were yelled at as a boy  
For slamming your screen door  
And swore that you'd get back at mom  
If it took ten years or more  
If it took ten years or more

Well, you can join the men that fly at night  
And protect us while we sleep  
You can make a boom that'll kill your mom  
And she'll never make a peep  
No, she'll never make a peep

A sonic boom shocked my horses  
Sonic boom squashed my goats  
Sonic boom'll fry your brain  
Until you want to slit your throat  
Until you want to slit your throat

A sonic boom shocked my horses  
Sonic boom squashed my goats  
Sonic boom'll fry your brain  
Until you want to slit your throat  
Until you want to slit your throat
