

Staying With It
Thomas Snow and John Lewis Parker

This is it, this is what I've waited for so long
Starting now
Got to trust these feelings comin' on
Take a chance, even tho' I feel like I should run

Stayin' with it let my heart take me there
Got a feeling ooh, I'm going somewhere
I'm deep in it and I really do care
Wait a minute now, boy don't walk out now

I can see, I can see you're disbelieving eyes
Don't you know, (no, no) holding back your love is so unwise
Take a chance, ain't it time you took a lovers stand

Stayin' with it let my heart take me there
Got a feeling ooh, I'm going somewhere
I'm deep in it and I really do care
Wait a minute now

Stayin' with it let my heart take me there
Got a feeling ooh, I'm going somewhere
I'm deep in it and I really do care
Wait a minute now, baby don't walk out

Stayin' with it let my heart take me there
Got a feeling ooh, I'm going somewhere
I'm deep in it and I really do care
Wait a minute now, baby don't walk out

Stayin' with it ooh, stayin' with it
Stayin' with it ooh, ooh, ooh, yeah
Stayin' with it don't hold back
'cause you gotta take a chance with me
Stayin' with it ooh, stay with it
Stayin' with it ooh, ooh, ooh, yeah
Stayin' with it oh, oh, baby yeah
