

Surrender To Me  
(Rick Vito)

You keep comin'back to me again andagain  
I think you wanna love me but you won'tsay when  
How di I deal with this longing in myheart  
as we wait for our love affair to start

Surrender to me with your heart and soul  
Stay by my side, my love will keep you whole  
Surrender to me with your own free will  
Say you will, say you will

You've got to give me some kind of sign  
If I knew how you felt I'd have more peace of mind  
Ain't gonna let you just walk out of my life  
If I wind up a fool, baby that's all right
