THERE’S A MEETING HERE TONIGHT

'Cause there's a meetin' here tonight
There's a meetin' here tonight
I know you by your friendly face
There's a meetin' here tonight

There's a meetin' here tonight
There's a meetin' here tonight
I know you by your friendly face
There's a meetin' here tonight

There's a meetin' here tonight great God
I'm glad you came along
All of the brothers and sisters here
Will help you sing this song

There's a meetin' here tonight (I hear it)
There's a meetin' here tonight
I know you by your friendly face
There's a meetin' here tonight

There's a grin on every up-turned face
And there's water in every eye
Brothers and sisters let me hear you shout
Let me hear your joyful cry

There's a meetin' here tonight
There's a meetin' here tonight
I know you by your friendly face
There's a meetin' here tonight

There's a meetin' here tonight
There's a meetin' here tonight
I know you by your friendly face
There's a meetin' here tonight.....
