

Way Down in Arkansas

Way Down in Arkansas  
Way down in Arkansas  
Thats where been and Im goin again  
Way Down in Arkansas

I had a mule  
And he werent no fool  
Best mule you ever saw  
I heard himsay I think Ill stay  
Way down in Arkansas

Way down in Arkansas  
Way down in Arkansas

I got a wife  
The joy of my life  
And I got a mother in law  
I laughed and cried the day she died  
Way down in Arkansas

Way down in Arkansas  
Way down in Arkansas  
Thats where I been and Im goin again  
Way down in Arkansas

As I was goin down the road  
Comin from Big Platte  
I swear I saw a horse fly  
Can you imagine that?

Now the strangest sight I ever saw  
Was down in Little Rock  
Right out there in the open air  
I saw a boardwalk

Way down in Arkansas  
Way down in Arkansas  
Thats where we been were goin again  
Way down in Arkansas

The kind of things you wont believe  
In Arkansas is sung  
The little Red River has a mouth  
My wagons got a tongue

Way down in Arkansas  
Way down in Arkansas  
Thats where I been Im goin again  
Way down in Arkansas

Way down in Arkansas  
Way down in Arkansas  
Thats where I been Im goin again  
Way down in Arkansas
