

Willie Jean  
(Hoyt Axton)

Sometimes I think about the folks back home  
and the twelve mile road I used to roam  
sometimes I think about a girl name Wille Jean  
did she ever get as far as New Orleans?

We used to watch the riverboats from a grassy bank  
yeah and drink hot water form a railway drain tank  
sometimes I think about a girl name Wille Jean  
did she ever get as far as New Orleans?

Sometimes I think about ol' Saturday's child  
yeah and all the times we were runnin' wild  
sometimes I think about a girl name Wille Jean  
did she ever get as far as New Orleans?

People always told me, they said "Boy, you're gonna come to harm"  
now look at me working here on this Hatfield county farm  
sometimes I think about a girl name Willie Jean  
did she ever get as far as New Orleans?
