

Woman  
(Roger McGuinn)

Woman you've got to love yourself  
Woman you've got to know yourself  
Before you can share your heart with me  
Woman you got a stormy life  
Woman you gotta cut the strife  
Before I can share my life with you  
And if you want me too  
I'll help you all I can  
I will be your man in time  
Working together just wouldnt be as hard  
If your join your loving heart with mine  
Woman I've got a love for you  
Woman what are you gonna do  
Don't leave me here to wonder all alone  
Woman It could be so good  
Woman if you only would  
Say you'll be the love I'm looking for  
All along I've know it's true  
I could be in love with someone just like you  
Woman you've got to love yourself  
Woman you've got to know yourself  
Before you can share your heart with me with me
