

YOU'RE WRONG BABY
(Nash)

Be patient, I'll be there soon
I wanna take you on a honeymoon
I wanna see you start a brandnew tune
Today babe

You know I love you, so understand
I really try hard to be your man
You got to let me be the man I am
You can babe

I think I know the ending of your song
We're gonna be together be for long
And if you're thinking that it can't be strong
You're wrong babe

I think I know the ending of your song
We're gonna be together be for long
And if you're thinking that it can't be strong
You're wrong babe
You're wrong baby
You're wrong babe
You're wrong babe
