

You All Look Alike
(Skip Battin /Kim Fowley)

1. Starlight crossed my eyes, she took me by surprise
Said you'd come to town, last summer brought me down
I said I'd never seen the likes of you before
She pulled a gun and not in fun I'm dyin' on the floor

- You all look alike, I'm sorry I don't know
You all look alike, we never met before
Now matter how I try to say I've never been down this way
Said I couldn't be fair cause you all look alike

2. Lyin' here and dyin' here I'm trying to get my strength
It's so hard to get on back when you're lyin' at full length
All the crowds and all the dogs from miles around just stare
They looked at me and shed a tear, I'm glad those people care
