

### Show Me The Place

Show me the place  
Where you want your slave to go  
Show me the place  
Ive forgotten, I dont know  
Show me the place  
For my head is bending low  
Show me the place  
Where you want your slave to go

Show me the place  
Help me roll away the stone  
Show me the place  
I cant move this thing alone  
Show me the place  
Where the Word became a man  
Show me the place  
Where the suffering began

The troubles came  
I saved what I could save  
A thread of light  
A particle a wave  
But there were chains  
So I hastened to behave  
There were chains  
So I loved you like a slave

Show me the place  
Where you want your slave to go  
Show me the place  
Ive forgotten, I dont know
