A E
Oh why do you stand by the window
D A
Abandoned to beauty and pride
E
The thorn of the night in your bosom
D A
The spear of the age in your side

Lost in the rages of fragrance
Lost in the rags of remorse
Lost in the waves of a sickness
That loosens the high silver nerves

Chorus:

E
O chosen love, o frozen love
D C#m Bm A
O tangle of matter and ghost
E
O darling of angels, demons and saints
D C#m Bm A
And the whole broken-hearted host
/a /c# /d E
Gentle this soul

And come forth from your cloud of unknowing
And kiss the cheek of the moon
The new Jerusalem glowing
Why tarry all night in this ruin

And leave no word of discomfort
Oh leave no observer to mourn
But climb on your tears and be silent
Like the rose on its ladder of thorn

Chorus:

O chosen love, o frozen love
O tangle of matter and ghost
O darling of angels, demons and saints
And the whole broken-hearted host
Gentle this soul

Then lay your rose on the fire
The fire give up to the sun
The sun give over to splendor
In the arms of the High Holy One

For the Holy One dreams of a letter
Ah dreams of a letter's death
Bless the continuous stutter
Of the word being made into flesh

Chorus:

O chosen love, o frozen love
O tangle of matter and ghost
O darling of angels, demons and saints
And the whole broken-hearted host
