

I'D LIKE TO TALK IT OVER WITH HIM

1)

On some morning when I stand in God's wonderful city  
Where the light of that city will never grow dim  
When I shake hands with my loved one who've gone on before me  
Then I'd like to talk it over with Him.

Chorus:

I'd like to kneel down and talk it all over with Him  
I'd like to say Lord You loved me when the path was so dim  
I cannot repay Him when I meet Him in that city above  
But I'd like to talk it over and thank Him for His wonderful love.

2)

With so many redeemed ones I'm sure I'll be happy  
They say the cup of gladness He'll fill to the brim  
But I know that I've cause Him many deep tears of sorrow  
Oh I'd like to talk it over with Him.

Chorus:

3)

We'll be singing Hallelujah forever and ever  
Where we'll never grow old eyes will never grow dim  
As He looked on the one that came out of tribulation  
Oh I'd like to talk it over with Him.

Chorus:
