C  
 Somewhere between her blue eyes and jeans  
 F C  
 There's a heart that's been broken along with her dreams  
 F C  
 And tonight she's out dancin' drinkin' and thinkin'  
 G7 C  
 Healin' a-feelin' between her blue eyes and jeans

She looks just like an angel in a big ole cloud of lonesome  
 F C  
 Reflecting her memories round a golden wedding ring

And tonight some dance hall doctor  
 F C  
 Might break the chains that locked her  
 G7 C  
 To that lonesome old feelin' between her blue eyes and jeans

F C  
 Somewhere between her blue eyes and jeans  
 G7 F C  
 There's a heart that's been broken a long with her dreams

And tonight some dance hall doctor  
 F C  
 Might break the chains that locked her  
 G7 C  
 To that lonesome old feelin' between her blue eyes and jeans
