G C G
 The clubs are all closed and the ladies are leavin'
 A7 D7
 There's nobody nobody knows on the street
 G C G
 A few stranded souls standin' cold at the station
 C G D7 G
 And nowhere to go but to bed and to sleep

 C G
 Lord would ya look at ya now that you're here ain't ya
 D7 G G7
 Proud of your peers and the long way you've come
 C G
 All alone all the way on your own who's to say
 D7
 That you've thrown it away for a song
 G D7 G
 Boy you've sure come a long way from home

 C G
 So it's so long but so many so far behind ya
 A7 D7
 Fair weather friends that you no longer know
 G C G
 You still got the same lonely songs to remind ya
 C G D7 G
 Of someone you seemed to be so long ago
